

IEEE LTSC CMI Study Group Meeting Minutes

June 4, 2010

Attendees:

Avron Barr
Frank Polster
Tyde Richards (convener)
Chris Sawwa

Discussions:

The study group reviewed a first draft at the recommendations for a final report. The intent is to have the final report completed in time for the next LETSI Technical Roadmap meeting on July 6. In general the participants approved the content of the document but requested revision to clarify endorsements and actions on the part of LETSI, and pending actions on the part of the IEEE LTSC.

Next Meeting:

11 June 2010
10am - 11am EST

Skype phone: +9900827049304412
US 201-793-9022 + access code 9304412

Proposed Agenda Topics

Final Report: I am behind on updates to this but there are a couple additional topics to discuss:

1. Possible recommendation that AICC/ADL join collaboration and agree on convergence strategy based on study group recommendations.
2. Review/implications of IEEE position on LETSI use of IEEE standards (will be discussed with IEEE before telecon).
